SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form: Mixture
Trade name: Prolystica® Ultra Concentrate Lubricant
Product code: 1C05

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture: Instrument Lubricant
Use of the substance/mixture: For hospital and professional use only. Not for home use.

1.3. Details of the supplier of the safety data sheet

STERIS Corporation
P. O. Box 147, St. Louis, MO 63166, US
Telephone Number for Information: 1-800-548-4873 (Customer Service-Healthcare Products)

1.4. Emergency telephone number

Emergency number: US Emergency Telephone No.1-314-535-1395 (STERIS); 1-800-424-9300 (CHEMTREC)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification
Not classified.

2.2. Label elements

GHS-US labelling
No labelling applicable.

2.3. Other hazards

No additional information available.

2.4. Unknown acute toxicity (GHS-US)

No data available.

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable.

Full text of H-phrases: see Section 16.

3.2. Mixture

<table>
<thead>
<tr>
<th>Name</th>
<th>Product identifier</th>
<th>%</th>
<th>GHS-US classification</th>
</tr>

<tr>
<td>Dimethylol-5,5-dimethylhydantoin</td>
<td>(CAS No) 6440-58-0</td>
<td>0.106</td>
<td>Acute Tox. 4 (Oral), H302</td>
</tr>
</tbody>
</table>

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation: Remove patient to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice.

First-aid measures after skin contact: Immediately flush skin with plenty of water for at least 15 minutes. Remove/Take off immediately all contaminated clothing. Obtain medical attention.

First-aid measures after eye contact: In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention immediately.

First-aid measures after ingestion: If swallowed, rinse mouth with water (only if the person is conscious). Immediately call a POISON CENTER or doctor/physician. Do NOT induce vomiting. Give water to drink if victim completely conscious/alert.
### 4.2. Most important symptoms and effects, both acute and delayed

<table>
<thead>
<tr>
<th>Symptoms/injuries</th>
<th>Not considered irritating to eyes or skin.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Symptoms/injuries after inhalation</td>
<td>Inhalation of airborne droplets or aerosols may cause irritation of the respiratory tract. Repeated exposure to aerosols may result in lung damage.</td>
</tr>
<tr>
<td>Symptoms/injuries after skin contact</td>
<td>Frequent or prolonged contact with skin may cause dermal irritation.</td>
</tr>
</tbody>
</table>

### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

**Suitable extinguishing media**: Use fire-extinguishing media appropriate for surrounding materials.

#### 5.2. Special hazards arising from the substance or mixture

**Hazardous decomposition products in case of fire**: Carbon oxides.

#### 5.3. Advice for firefighters

**Firefighting instructions**: Exercise caution when fighting any chemical fire. Cool closed containers exposed to fire with water spray. Do not get water inside containers. Prevent fire-fighting water from entering environment.

**Protective equipment for firefighters**: Use self-contained breathing apparatus. Do not enter fire area without proper protective equipment, including respiratory protection.

**Other information**: In case of fire, extremely flammable butene monomers may be produced. Containers may swell and burst during a fire due to internal pressure caused by heat.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

**General measures**: Avoid inhalation of vapor and spray mist. Avoid contact with skin, eyes and clothes. Use personal protective equipment as required. Stop leak if safe to do so.

**For non-emergency personnel**

**Emergency procedures**: Evacuate unnecessary personnel.

**For emergency responders**

**Protective equipment**: Equip cleanup crew with proper protection.

**Emergency procedures**: Ensure adequate ventilation.

#### 6.2. Environmental precautions

Avoid release to the environment. Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

#### 6.3. Methods and material for containment and cleaning up

**Methods for cleaning up**: Spills may be picked up with a mop and followed by a water rinse. Wash contaminated areas with large quantities of water to a sanitary sewer, if in accordance with local, state or national legislation. Large spills: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect in closed containers for disposal. Dispose of waste according to applicable legislation. Ensure all national/local regulations are observed.

#### 6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

**Precautions for safe handling**: Read label before use. Avoid contact with skin, eyes and clothing. Avoid breathing mist or vapor. Keep container closed when not in use. Work in a well-ventilated area.

**Hygiene measures**: Wash hands thoroughly after handling. Take care for general good hygiene and housekeeping. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

#### 7.2. Conditions for safe storage, including any incompatibilities

**Technical measures**: A washing facility/water for eye and skin cleaning purposes should be present. Provide local exhaust or general room ventilation.

**Storage conditions**: Keep out of reach of children. Keep only in the original container in a cool, well ventilated place. Store at room temperature. Avoid freezing. Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
Incompatible materials: Strong oxidizers.

7.3. Specific end use(s)
No additional information available.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<table>
<thead>
<tr>
<th>Triethanolamine (102-71-6)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>USA ACGIH ACGIH TWA (mg/m³)</td>
<td>5 mg/m³</td>
</tr>
</tbody>
</table>

8.2. Exposure controls

Appropriate engineering controls: Provide local exhaust or general room ventilation. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Personal protective equipment: Avoid all unnecessary exposure. Personal protective equipment should be selected based upon the conditions under which this product is handled or used. Protective clothing. Gloves. Protective goggles.

Hand protection: Wear rubber gloves.

Eye protection: Wear chemical goggles or safety glasses.

Respiratory protection: The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. Work in well-ventilated zones or use proper respiratory protection.

Other information: Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state: Liquid

Appearance: Clear

Color: Colorless to yellow

Odor: Ester-like odor

Odor threshold: No data available

pH: 7.0 – 8.0 Approximately

Relative evaporation rate (butyl acetate=1): No data available

Melting point: No data available

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Auto-ignition temperature: No data available

 Decomposition temperature: No data available

Flammability (solid, gas): No data available

Vapor pressure: No data available

Relative vapor density at 20 °C: No data available

Relative density: No data available

Density: Approximately 0.85 g/ml  Specific Gravity

Solubility: Water: Completely soluble

Log Pow: No data available

Log Kow: No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidising properties: No data available

Explosive limits: No data available
9.2 Other information
No additional information available.

SECTION 10: Stability and reactivity

10.1 Reactivity
No additional information available.

10.2 Chemical stability
Stable under normal conditions of use.

10.3 Possibility of hazardous reactions
Hazardous polymerization will not occur.

10.4 Conditions to avoid
No additional information available.

10.5 Incompatible materials
Strong oxidizers.

10.6 Hazardous decomposition products
Hazardous decomposition products may be released during prolonged heating like smokes, carbon monoxide and dioxide. Unburned hydrocarbons.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity: Not classified
Based on available data, the classification criteria are not met.

<table>
<thead>
<tr>
<th>Toxicant</th>
<th>Toxicity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Triethanolamine (102-71-6)</td>

</table>

Skin corrosion/irritation: Not classified
pH: 7.0 – 8.0 Approximately

Serious eye damage/irritation: Not classified
pH: 7.0 – 8.0 Approximately

Respiratory or skin sensitisation: Not classified
Based on available data, the classification criteria are not met

Germ cell mutagenicity: Not classified
Based on available data, the classification criteria are not met

Carcinogenicity: Not classified
Based on available data, the classification criteria are not met

Reproductive toxicity: Not classified
Based on available data, the classification criteria are not met

Specific target organ toxicity (single exposure): Not classified
Based on available data, the classification criteria are not met

Specific target organ toxicity (repeated exposure): Not classified
Based on available data, the classification criteria are not met

Aspiration hazard: Not classified
Based on available data, the classification criteria are not met

Symptoms/injuries after inhalation: Inhalation of airborne droplets or aerosols may cause irritation of the respiratory tract. Repeated exposure to aerosols may result in lung damage.

Symptoms/injuries after skin contact: Frequent or prolonged contact with skin may cause dermal irritation.
## SECTION 12: Ecological information

### 12.1. Toxicity

<table>
<thead>
<tr>
<th>Substance</th>
<th>LC50 fishes 1</th>
<th>LC50 fish 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Triethanolamine (102-71-6)</td>
<td>10600 - 13000 mg/l (Exposure time: 96 h - Species: <em>Pimephales promelas</em> [flow-through])</td>
<td>&gt; 1000 mg/l (Exposure time: 96 h - Species: <em>Pimephales promelas</em> [Static])</td>
</tr>
</tbody>
</table>

### 12.2. Persistence and degradability

No additional information available.

### 12.3. Bioaccumulative potential

<table>
<thead>
<tr>
<th>Substance</th>
<th>BCF fish 1</th>
<th>Log Pow</th>

</thead>
<tbody>
<tr>
<td>Triethanolamine (102-71-6)</td>
<td>&lt; 3.9</td>
<td>-2.53</td>
</tr>
</tbody>
</table>

### 12.4. Mobility in soil

No additional information available.

### 12.5. Other adverse effects

Avoid release to the environment.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste disposal recommendations: Dispose in a safe manner in accordance with local/national regulations. Do not re-use empty containers.

Additional information: Never return unused material to original container. Small spills may be flushed to a sanitary sewer with copious amounts of water, if in accordance with local, state or national legislation. Dispose in a safe manner in accordance with local/national regulations. Ensure all national/local regulations are observed.

Ecology - waste materials: Avoid release to the environment.

## SECTION 14: Transport information

In accordance with DOT

Not regulated for transport.

### Additional information

Other information: No supplementary information available.

**ADR**

No additional information available.

**Transport by sea**

No additional information available.

**Air transport**

No additional information available.

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

**Triethanolamine (102-71-6)**

Listed on the United States TSCA (Toxic Substances Control Act) inventory

**Dimethylol-5,5-dimethylhydantoin (6440-58-0)**

Listed on the United States TSCA (Toxic Substances Control Act) inventory

### 15.2. International regulations

Not applicable.

### 15.3. US State regulations

Not applicable.
SECTION 16: Other information

Revision Date: 03/26/2015

Full text of H-phrases:

<table>
<thead>
<tr>
<th>Acute Tox. 4 (Oral)</th>
<th>Acute toxicity (oral), Category 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eye Irrit. 2A</td>
<td>Serious eye damage/eye irritation, Category 2A</td>
</tr>
<tr>
<td>H302</td>
<td>Harmful if swallowed</td>
</tr>
<tr>
<td>H319</td>
<td>Causes serious eye irritation</td>
</tr>
</tbody>
</table>

NFPA health hazard: 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials.

NFPA fire hazard: 0 - Materials that will not burn.

NFPA reactivity: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

SDS US (GHS HazCom 2012): US

The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
