coltène whaledent

n.a. =	of issue: 2004-05-25 not applicable, n.k. = not known	Date of print: 2006-04-25	Page 1/2			
1.	Identification of the substance/preparation and of the company/undertaking					
	Product details:					
	Product details: Trade name: AFFINIS Putty super soft					
	Manufacturer/Supplier:					
	Coltène/Whaledent AG					
	Feldwiesenstrasse 20 9450 Altstätten	Telephone: +41 71 757 53 00				
	Switzerland	Fax: +41 71 757 53 01				
	Emergency information:					
2.	Composition / information on ingredients					
	Chemical characterization: De	ental impression material				
	Hazardous components:					
_						
3.	Hazards identification					
	Provided that the product is used as di	rected, there are no known hazards.				
л	First-aid measures					
4.	First-aid measures					
4.	First-aid measures General information: After inhalation:	_				
4.	General information:	 not irritant				
4.	General information: After inhalation: After skin contact: After eye contact:	— not irritant not irritant				
4.	General information: After inhalation: After skin contact:					
4. 5.	General information: After inhalation: After skin contact: After eye contact:	not irritant				
	General information: After inhalation: After skin contact: After eye contact: After swallowing	not irritant				
	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media:	not irritant not irritant				
	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media:	not irritant not irritant				
5.	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment:	not irritant not irritant				
	General information: After inhalation: After skin contact: After sye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment: Accidental release measures	not irritant not irritant water spray jet, dry powder, foam, carbon dioxide, sand —				
5.	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment: Accidental release measures Personal precautions:	not irritant not irritant water spray jet, dry powder, foam, carbon dioxide, sand No special measures required				
5.	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment: Accidental release measures Personal precautions: Environmental precautions:	not irritant not irritant water spray jet, dry powder, foam, carbon dioxide, sand — — No special measures required Observe local bye-laws				
5.	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment: Accidental release measures Personal precautions:	not irritant not irritant water spray jet, dry powder, foam, carbon dioxide, sand No special measures required				
5. 6.	General information: After inhalation: After skin contact: After eye contact: After swallowing Fire-fighting measures Extinguishing media: Unsuitable extinguishing media: Protective equipment: Accidental release measures Personal precautions: Environmental precautions:	not irritant not irritant water spray jet, dry powder, foam, carbon dioxide, sand — — No special measures required Observe local bye-laws Wipe off with a towel

9.	Physical and chemical properties Appearance						
	Form: paste		Colour: orange	Odour: —			
	Information on	change in the p	-	o dodi.			
	Boiling point/boili		> 150 °				
	Flash point (°C)		n.a.				
	pH Ignition temperatur	e	n.a. n.a.				
	Explosion hazard		n.a.				
	Explosive limits (Vol%), LEL	n.a. UEL				
	Other information	ı					
	Relative density Solubility		1.5 g/l insoluble in water, soluble in m	ethyl ethyl ketone			
	Vapour pressure		n.a.				
	Viscosity		high viscosity				
10.	Stability and r	eactivity					
	If stored and handled in accordance with manufacturer's instructions for use no hazardous reactions are known.						
11.	Toxicological information						
	LD 50 > 2000 mg/kg (rat)						
	Test of irritation and sensibilisation showed no reactions.						
12.	Ecological information						
	no data known.						
13.	Disposal consideration						
101	Disposal consideration According to local laws. Small quantities may be disposed of in a domestic waste.						
14.	Transport info	rmation					
	ADR/RID-GGV	S/GGVE	IMDG/GGVSea	ICAO-TI; IA	TA-DGR		
	—						
15.	Regulatory information						
	Regulatory information No hazardous substance according to the chemical ordinances						
	no nazardous substance according to the chemical of dinances						
	Other informa	tion
